Need a large home? This new to the market home provides 5 bedrooms (3 down)(2 up) and 3 baths. The split plan downstairs is great for a family or home office. There is a second living room off of the kitchen. This area is perfect for a Playroom or a second TV room. 10ft Farmhouse table? Yes we can accommodate that easily in the Breakfast Room. The Formal Dining and Living Room split the downstairs bedrooms for Primary Room privacy. The Kitchen has space galore with granite counters, loads of cabinets and counter space. The laundry room has freezer space and just outside is the locker system. There is a play set and small shed in the backyard. Entertaining is easy here inside and out.
